- **Step 1:** Download and Install Unity Hub from this link:
- <https://public-cdn.cloud.unity3d.com/hub/prod/UnityHubSetup.exe>

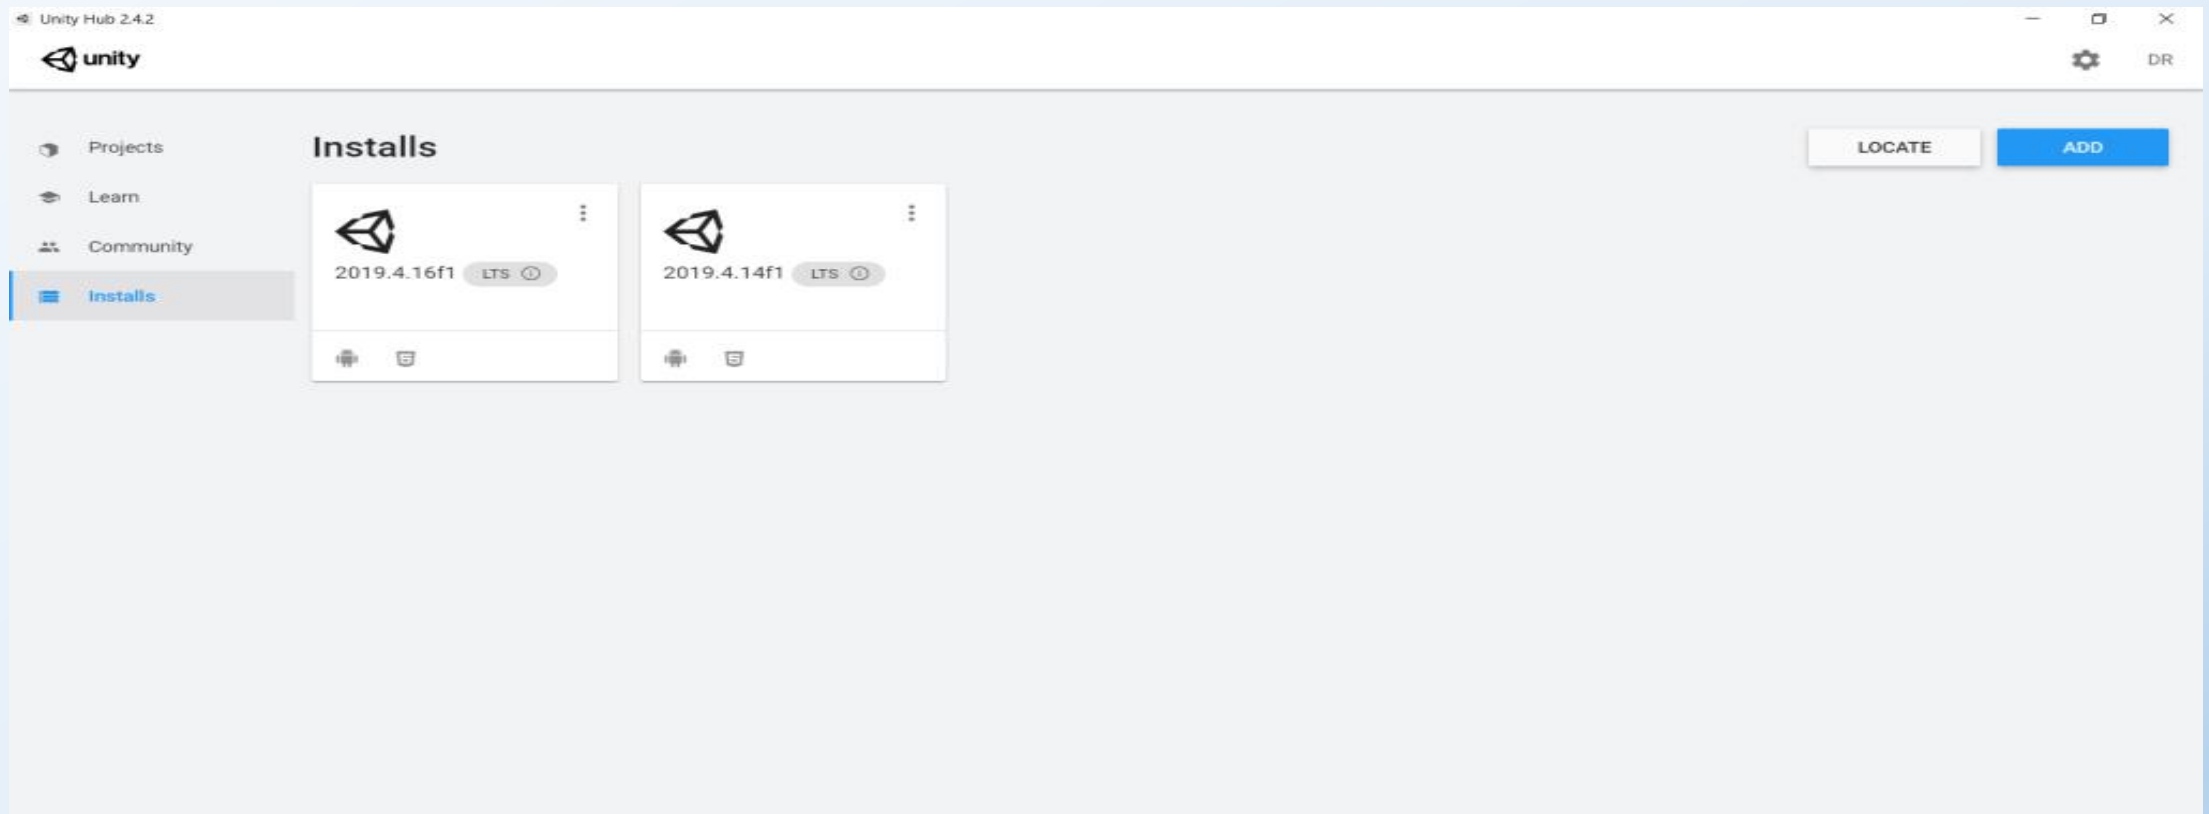

- Select preferences

Step 2: Open Unity Hub and click Installs. Notice that I have already installed 2019.4.16 and 2019.4.14 versions. You need to install 2019.4.xx.xx version.

Step 3: Click ADD. The Add Unity Version window will open. Choose a latest 2019.4.xx version under Recommended Release and click NEXT.

### Add Unity Version

1

Select a version of Unity

2

Add modules to your install

Can't find the version you're looking for? Visit our [download archive](#) for access to [long-term support](#) and [patch releases](#), or join our [Open Beta program](#) releases.

**Recommended Release**

☐ Unity 2019.4.16f1 (LTS)

**Official Releases**

☐ Unity 2020.2.0f1

☐ Unity 2020.1.17f1

☒ Unity 2018.4.30f1 (LTS)

**Pre-Releases**

## End User License Agreement

### Android SDK and NDK License Terms from Google

Please review and accept the license terms before downloading and installing Android's SDK and NDK.

#### Terms and Conditions

This is the Android Software Development Kit License Agreement

#### 1. Introduction

1.1 The Android Software Development Kit (referred to in the License Agreement as the "SDK" and specifically including the Android system files, packaged APIs, and Google APIs add-ons) is licensed to you subject to the terms of the License Agreement. The License Agreement forms a legally binding contract between you and Google in relation to your use of the SDK.

1.2 "Android" means the Android software stack for devices, as made available under the Android Open Source Project, which is located at the following URL: <http://source.android.com/>, as updated from time to time.

I have read and agree with the above terms and conditions

CANCEL

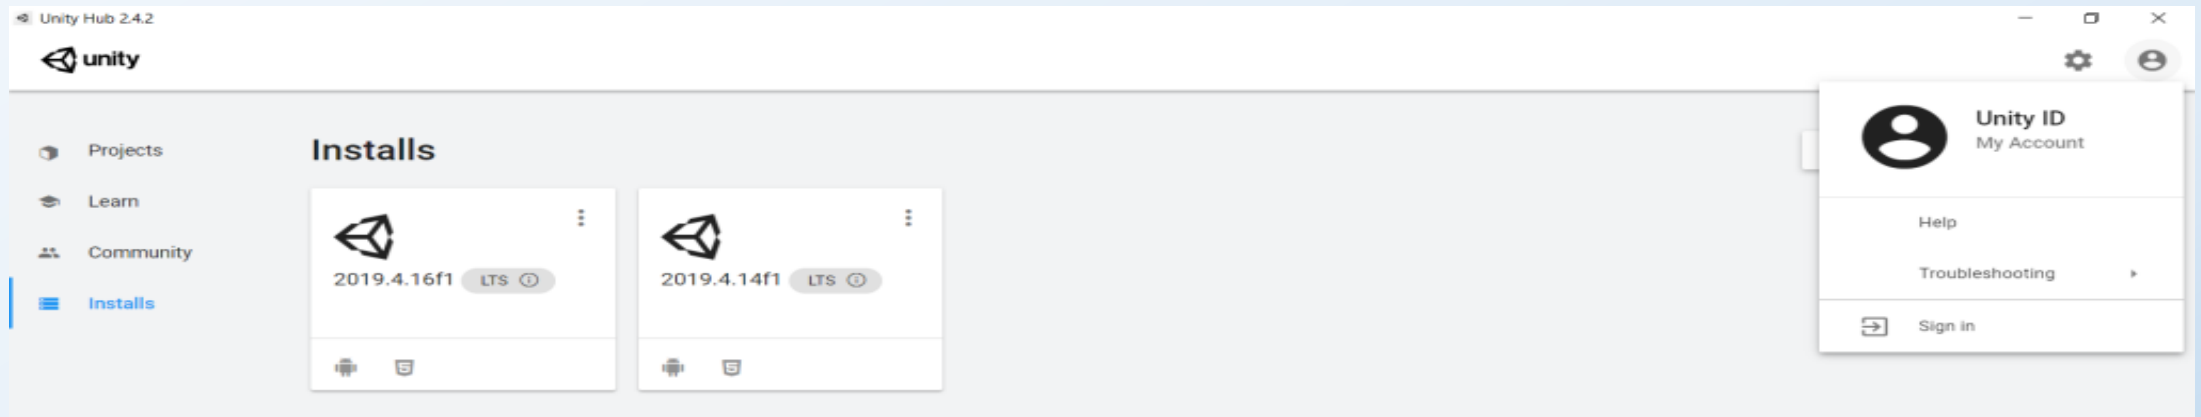

DONE

- **Step 6:** Click **Yes** in the **User Account Control** window (if any). Now the installation will begin. Wait for the installation to finish.
- **Step 7:** Next you need to activate your Unity Game Engine. Click the User icon at the top-right and click **Sign in**

Step 8: Click Sign in with google button to sign in with your google account. (You can use other sign in options or you can create a new Unity ID and sign in).

**Step 8:** Click **Sign in with google** button to sign in with your google account. (You can use other sign in options or you can create a new Unity ID and sign in).
